Subject: Recommendation for Honorary Membership

Dear Mr. Lawry:

On behalf of the Ohio Chapter, it is with great pleasure to recommend Mr. Ronald Schapp for Honorary Membership in the IAEI.

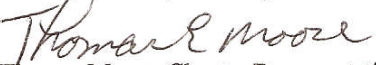

As you are well aware, the success of any organization is largely dependent upon a strong membership base. The Western Section continues to be in the forefront of the IAEI as a result of Ron's tireless efforts of promoting membership and serving as the Western Section Member Chairman for the past 26 years.

Ron's devotion to the IAEI, as well as his passion to recognize the importance of the value of membership, are just one of many reasons why he is worthy of being recognized for this prestigious honor.

Ron's involvement with the IAEI is a true example of why the IAEI continues to be considered the "Keystone of the Electrical Industry."

Respectfully yours,

  
Tim McClintock, Secretary/Treasurer

  
Thomas Moore, Chapter Representative to the Western Section
